

## **Mission statement Axxor**

Axxor designs, produces, and sells honeycomb made from paper and water-based glues; and technologically supports its customers honeycomb applications.

### **Our vision**

- ◇ Our vision is to be market leader and to provide the lowest total cost solution in mature markets worldwide.

### **Our focus**

- ◇ **Our business**  
The development of the technical and professional knowledge, skills, and expertise of the Axxor personnel and those within the Axxor network.
- ◇ **Innovation**  
The development of:
  1. Honeycomb products;
  2. Production processes and techniques;
  3. Applications technology and their impact on both our factories and those of our customers.
- ◇ **Our work environment**  
The implementation of a set of values according to “power with” culture, essential to the development of the people in our organization and defining how we communicate with people both inside and outside our organization.

### **Set of values**

- ◇ **Professional quality**  
To strive to ensure that products and services lead the way. Work methods are well-defined, safe, and reliable and testify to our breadth of knowledge and experience.
- ◇ **Trustworthiness**  
Mutual trust is the force behind our collective strength.
- ◇ **Honesty**  
Honesty guarantees timely and concrete action, which is a testament to courage.
- ◇ **Respect**  
Mutual respect is paramount.
- ◇ **Your individual involvement**  
If Axxor thrives so will the personnel. Your individual involvement results in fulfilment and motivation.
- ◇ **Entrepreneurial skills**  
In order to achieve our mission statement personnel must be adaptable to change.
- ◇ **Willingness**  
To do everything in your power to maximize personal growth. It will benefit not only Axxor but also yourself. This is the key to our mutual success.
